4) In the Institute internship program, faculty members are expected to be mentors for students. Do you feel that your faculty coordinator served such a function? Why or why not?

No, I had not done my internship in my college.

5) How well were you able to accomplish the initial goals, tasks and new skills that were set down in your learning contract?

I'm alele to accomplish the initial goals, tasks & new skills that were in my learning contract very well & I Learnt some new things which can be used. I am alele to work in my System with this knowledge.

6) In what ways were you able to take a new direction or expand beyond your contract? Why were some goals not accomplished adequately?

Now i'm alele to expand beyond my contract by taking this course contents in my works by doing presentations like reports on the powerpoint such as charts, accounting. Not accomplished because I am new to this world, i need a Practice still.

7) In what areas did you most develop and improve?

Areas which i'm most developed & improved in making bills, resumes etc on powerpoint, and types of tool bars and functioning of Settings

8) What has been the most significant accomplishment or satisfying moment of your internship?

what ever learnt by me is practically applied in example exercises so it is my satisfying moment of your internship.

9) What did you dislike about the internship?

The classes was recorded and no doubts to cleared instant, i disliked about the Internship.

10) Considering your overall experience, how would you rate this internship? (Circle one).

(Satisfactory/ Good/ Excellent)

Its good experience on this platform learning and worth full courses & Usefull courses, new skills.

11) Give suggestions as to how your internship experience could have been improved. (Could you have handled added responsibility? Would you have liked more discussions with your professor concerning your internship? Was closer supervision needed? Was more of an orientation required?)

> If there was some more examples with the respective topics and more explanation also can lee improve the experience.
> Yaa, like more discussions Lent i got doubts and also i got answers clarified by instractor itself but after some times.
> The course medium was online and i think not needed because the knowledge and experience was amazing which as satisfying more good.
> As mentioned about MS, where we study the Excel, powerpoint & word 2013, respective topics the instactor introduced all small Concepts also. no more orientation required.

Feedback on Scheme of Computer Science Allied Programs

College Name	Program Name	Sem	Course Code / Title	Suggestion	BOS Recommendation/Justification
R. R. Institute of Technology	CSE	3rd	ESC/ETC/PLC Oop's with Java Oops with C++	To add another 2 from below courses: 1. Web Technology 2. Python 3. Java If the students have not opted in 1st year, they will have chance to opt in 3rd semester.	Students must understand Object Oriented Concepts. As lab components, students will leverage Python and web technology topics from other courses.
R. R. Institute of Technology	CSE	4th	1. Discrete Mathematical Structures 2. Graph Theory 3. Optimization Technique	To add 1 from below courses: l. Probability and Statistics 2. Operational Research & Statistics 3. OR & Analytics	OR and Optimization Technique are nearly identical. Mathematics covers probability and statistics.

PRINCIPAL
R.R. INSTITUTE OF TECHNOLOGY
Chikkabanavara, Bangalore - 560 090.

R. R. Institute of Technology	CSE	5th	3. Web Technology Lab 4. Mini Project	Add Web lab with Mini Project or Remove Web and Add CG Lab with Mini Project. Remove CG in PE course and Add Software Architecture	Because the Scheme is the same for all programmes, it is not advised. CG is also a prerequisite in the industry.
R. R. Institute of Technology	CSE	Final Year	Internship (Industry/Research) (14 - 20 weeks)	Industries will provide internship opportunities for 6 months to 1 year. We should provide 20-24 weeks in Scheme	The bare minimum is 14 weeks. We will change the upper limit to 24 weeks.
Sambhram Institute of Technology	CSE (Cyber Security)	3rd	BCY306C BCY306D	Subjects are not mentioned	Students must understand Object Oriented Concepts. So we have added only 2 courses.
Sambhram Institute of Technology	CSE (Cyber Security)	6th and 7th	BCYL703 Machine Learning Theory	Machine Learning Theory is offered in the 7th semester while BCYL606 Machine Learning Lab is offered in the 6th semester, this can be reversed or both can be offered in the 6th semester only.	Typo issue, Rectified.
Sambhram Institute of Technology	CSE (Cyber	7th	BCY701 Vulnerability Assessment	These subjects of the 7th semester have the topics of penetration testing which may overlap. The syllabus has to be framed properly and if possible	Both the courses complementary each other and the syllabus content will be prepared accordingly.
